Your turn —

Your Wide-Awake Experiment

Caffeine · sleep · Case Study #002 · How to run this one yourself

Same rules Jiwoo used — here they are.

WHAT TO WATCH FOR

Anything that might have caffeine — especially in the evening.

WHERE CAFFEINE HIDES

Chocolate and cocoa (dark has more), cola, some iced teas, coffee ice cream, coffee candies. Energy drinks have the most; doctors say kids skip them.

HOW TO OBSERVE

Watch the clock, not just the food. When did you eat it, get in bed, and really fall asleep?

HOW TO RECORD

Write what you had, when, and when you finally fell asleep. Not sure it had caffeine? Write it down with a big fat ?.

Scientist: _____ Week of: _____

DAY	WHAT & WHEN	FINALLY ASLEEP
DAY 1		
DAY 2		
DAY 3		
DAY 4		
DAY 5		
DAY 6		
DAY 7		

WHAT I NOTICED

A blank day is not a failed day. — L.
